Although there are no set class times for online instruction, students are required to maintain consistent engagement and substantive interaction with instructors on a regular basis.

Online Hours Tracking: KC Beauty Academy uses Milady CIMA, an accredited online learning platform, to record and track all students' online theory hours. The system automatically tracks hours based on login, engagement, and completion data. **To ensure compliance with accrediting and state regulatory requirements, the institution will only recognize and report hours as recorded on the official CIMA system reports.** Personal tracking by students, including self-reported hours, screenshots, or personal time logs, will not be accepted in place of the official records. Students may request these reports in writing.

On-Campus Requirements: All practical operations must be completed in person at the Academy.

Monthly Evaluations: A qualified instructor will assess the student's performance on campus at least once per month for any distance education completed in the previous month.

Graduation Requirements

To graduate, students must:

All daily clocked hours and completed operations are digitally recorded at the end of each day and credited toward program completion.

Digital Student Record of Applied Effort Policy

At KC Beauty Academy, a student's record of applied effort – also referred to as credits – is a critical measure of both practical and technical instruction, tracked in hours. These records contribute significantly to student success and program completion. Credits for practical operations are recorded digitally by instructors; however, it is the student's responsibility to ensure that all required operations are completed and properly credited by their on-time graduation date.

While clocked in, students are required to be actively engaged in authorized training activities, which may include:

- Performing instructor-assigned practical work
- Participating in classroom instruction
- Completing self-study, as approved by an instructor

Non-training activities while clocked in are not permitted. These include, but are not limited to:

- Personal grooming
- Leaving the building without permission
- Reading or engaging with materials unrelated to your course of study
- Any behavior deemed off-task or disruptive to the learning environment

Violations will result in a warning, and students may be asked to cease the activity or clock out for the remainder of the day. Repeated violations may lead to disciplinary actions, including termination. Students have online access to their credit records at any time via the student portal. To graduate, students must complete the minimum number of hours and operations as required by the California Board of Barbering and Cosmetology.

Student Portal

All students will have access to the student portal. We encourage all students to make full use of the student portal. The portal is your main resource to view your hours, academic, and financial information. Through the student portal, you may access:

- Attendance Records
- Class Schedules
- Grades
- Tuition Ledger
- Satisfactory Academic Progress and Financial Aid Eligibility
- Enrollment Information
- Student Loan Disbursement Letters

You will receive the login credentials during orientation. Students are responsible for tracking their hours and completing all necessary requirements for graduation.

Graduation Requirements

To be eligible for graduation from KC Beauty Academy, students must meet the following requirements:

1. Completion of Program Hours and Credits
 - Fulfill the total clock hours and theory and practical hours required for their enrolled program as outlined by the California Board of Barbering and Cosmetology
2. Academic Performance
 - Maintain a minimum GPA of 75% or higher in both theory and practical work.
3. Financial Obligations
 - All tuition and fees must be paid in full prior to graduation.
4. Hybrid Program Completion (if applicable)
 - For students enrolled in hybrid (distance education) programs, successful completion of both an on-campus final theory exam and an on-campus final practical evaluation is required.

Upon meeting all graduation requirements, students must schedule an appointment with Admissions for their exit interview. During the exit interview, students are awarded a certificate of completion, a proof of training document (POT), and an official transcript. KC Beauty Academy staff will assist graduates in preparing and submitting the required documents to apply for the California State Board of Barbering and Cosmetology licensing examination.

A fee of \$10.00 will be charged for each additional transcript, reprint of certificate, or copy of proof of training document. The student's tuition account must be in good standing before the institution will issue any certificates or proof of training documents.

Students who fail to meet their financial obligations may be subject to collections. Accounts are considered past due if payment is not received by the scheduled due date. The school will make reasonable efforts to contact the student and resolve any past-due balance, which may include email reminders, phone calls, and mailed notices. If no satisfactory payment arrangement is made within a reasonable time, the school may assign the debt to a third-party collection agency. All information shared with the collection agency will be handled in compliance with The Family Educational Rights and Privacy Act (FERPA) and all applicable state and federal privacy laws. Collection correspondence regarding cancellation and settlement from the institution itself, banks, collection agencies, lawyers, or any other third parties representing the institution will clearly acknowledge the existence of the school's withdrawal and settlement policy.

Extra Instructional Charges

Students are expected to complete their training within the time frame specified in their Enrollment Agreement. KC Beauty Academy reserves space, equipment, and licensed instructors for each student based on their schedule.

Advanced Payment Required: Students will not be permitted to clock in or continue training until applicable overage fees are paid in advance.

Not Financial Aid Eligible: Extra instructional charges are not covered by federal financial aid and must be paid out of pocket.

Once a student exceeds their original contract end date, an Extra Instructional Form will be issued. This document will outline:

- The number of remaining hours required

Students are encouraged to maintain satisfactory attendance and academic progress to avoid additional charges and delays in graduation.

Scholarships

KC Beauty Academy may offer institutional scholarships to eligible students as part of the school's commitment to supporting academic achievement and financial accessibility. Please see the Admissions Office or <https://kcbeautyacademy.com/scholarship/> for more information.

Student Tuition Recovery Fund

Effective April 1, 2024, the Student Tuition Recovery Fund (STRF) assessment rate will change from two dollars and fifty cents (\$2.50) per one thousand dollars (\$1,000) of institutional charges to zero dollar (\$0.00) per one thousand dollars (\$1,000) of institutional charges. (5, CCR section 76120).

"The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition.

You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."

"It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, California, 95834, (916) 574-8900 or (888) 370-7589.

To be eligible for STRF, you must be a California resident or enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:

1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.
4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.

6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.

7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of non-collection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law.

However, no claim can be paid to any student without a social security number or a taxpayer identification number."

Leave of Absence (LOA) Policy

Requesting a LOA

Students must follow KC Beauty Academy's official policy when requesting a leave of absence (LOA). A LOA is a temporary interruption in a student's program of study. A LOA may be requested for valid reasons such as medical-related condition (illness, surgery), house instability, bereavement, or other emergency circumstances. All LOA request forms must be submitted in advance and include:

- The reason for the request
- The requested start and end dates
- Supporting documentation (e.g., medical records, legal documents)
- The student's signature

If unforeseen circumstances prevent a student from submitting the LOA request in advance, the institution may grant the LOA retroactively. In such cases, the LOA start date will be the first date the student was unable to attend due to the unforeseen event, provided documentation and a signed request are submitted as soon as possible. KC Beauty will accept electronic LOA request forms with e-signatures.

All LOA requests are reviewed on a case-by-case basis and must be approved by the School Director or the Admission Director. Requests may be denied if the expected return date is deemed unrealistic or insufficient documentation is provided. Medical-related LOAs must include proper documentation.

General LOA guidelines:

- Each LOA must be at least 14 calendar days and a maximum of 60 days unless an unforeseen circumstance extends a leave of absence. The LOA may not exceed 180 calendar days in any 12-month period.
- A LOA may only be granted once the student has been enrolled for at least 60 days, unless mitigating circumstances exist.

Students will not assess any additional charges as a result of an approved LOA. A student granted a LOA that meets this criterion is not considered to have withdrawn, and no Return to Title IV (R2T4) calculation or Academy refund calculation is required. KC Beauty Academy will extend the student's contract period by the same number of days taken in the leave of absence. Upon the student's return, a contract addendum will be generated and must be signed by all parties. The student's contract end period and maximum time frame will be extended by the same number of days as the leave of absence.

For federal aid recipients, the student's payment period is suspended during the LOA and no federal financial aid will be disbursed to student while on a LOA. Upon the student's return, the student will resume the same payment period and coursework and will not be eligible for additional federal student aid until the payment period has been completed. If the student is a federal student loan recipient, they will be informed of the effects that the failure to return from a leave may have on the student's loan repayment terms, including the exhaustion of the student's grace period.

Failure to Return from an Approved LOA

If the student fails to return from a LOA on the documented return date, the student will be terminated from school. If the student fails to contact the school in regards to not returning from a LOA or extending the LOA, the student will be terminated from school. The termination date for the purpose of calculating a refund is always the student's last date of attendance.

Withdrawing

Unofficial Withdrawal

A student who has been absent from school for 14 or more consecutive calendar days will be unofficially withdrawn; the withdrawal date that will be used in this calculation is the student's actual last date of attendance.

Official Withdrawal

If a student wishes to withdraw from school must notify the school in writing. A written notification can be delivered by mail sent directly to the school or via email sent to any school official. The date that the school is notified is the date of determination of the withdrawal.

This form was created by the Department of Education (ED) and is available to help prospective students compare the cost of attendance (COA) and aid offers from multiple institutions in order to make an informed decision about where to attend school. Please contact the Financial Aid office for your personalized College Financing Plan.
3. College Affordability & Transparency Center provides the Department of Education tools for comparing college costs, please visit: <https://collegecost.ed.gov>.

Financial Aid Disbursements

Federal financial aid for which a student qualifies is applied directly to the student's account. This process is known as a financial aid disbursement. The anticipated disbursement schedule is outlined in each student's individual Financial Aid Offer Letter.

Disbursements are made at the end of each payment period, provided the student is meeting Satisfactory Academic Progress (SAP) standards.

Standard Academic Year Disbursements

For programs structured around a standard academic year:

First Payment Period Disbursement occurs after the student has successfully completed both:

- 50% of the clock hours, and
- 50% of the instructional weeks in the academic year.

Second Payment Period Disbursement occurs once the student completes the remaining:

- 50% of the clock hours, and
- 50% of the instructional weeks in the academic year.

Remaining Portion Beyond the Academic Year

If the student's program extends beyond the standard academic year:

First Payment Period Disbursement occurs after the student has completed both:

- 50% of the clock hours, and
- 50% of the instructional weeks in the remaining portion of the program.

Second Payment Period Disbursement occurs once the student completes the remainder of:

- The clock hours, and
- The instructional weeks in the program.

Terms and Conditions of Direct Loans

Terms and Conditions of Direct Loans Terms and conditions of Direct Loans are included in the Borrower's Rights and Responsibilities Statement, which the borrower receives upon completion of a Master Promissory Note with the Department of Education. The borrower may request another copy of

their Borrower's Rights and Responsibilities Statement at any time by contacting the Direct Loan Servicing Center.

National Student Loan Data System (NSLDS) The National Student Loan Data System (NSLDS) is the U.S. Department of Education's central database for student financial aid records. Federal loans disbursed to students or parents will be submitted to NSLDS and will be accessible by guaranty agencies, lenders, and institutions determined to be authorized users of the data system. Student and parent borrowers can track and manage their federal student loans and grants online at www.nslds.ed.gov. The secured site displays information on loans and grants, including amounts, outstanding balances and status. Student and parent borrowers can also find contact information for their loan servicer.

Direct Loan Deferments and Forbearance

Deferment is a temporary period during which a borrower's obligation to make regular monthly payments on their loan is suspended, and during which an interest subsidy may be provided. Deferments are available for a variety of reasons, such as when a student is pursuing postsecondary education or experiencing economic hardship.

Forbearance is a temporary period during which a borrower may cease making monthly payments, make payments in reduced amounts, or make payments over an extended period. In most cases, an interest subsidy is unavailable during forbearance periods. Forbearance is available for a variety of reasons, such as when a borrower is experiencing temporary hardship or during periods when ED is processing certain loan benefits.

Loans Received, Repayment Schedules and Repayment

Generally, borrowers will have 10 to 25 years to repay their loan, depending on the repayment plan they choose. The loan servicer will notify the borrower of the date the first payment is due. If a repayment plan is not chosen by the borrower, the borrower will be placed on the standard repayment plan, with fixed monthly payments for up to 10 years. Repayment plans can be changed at any time by contacting the loan servicer. Information about standard repayment, extended repayment, graduated repayment, income contingent repayment (not available for parent PLUS loans), and income-based repayment.

Loan Default

A direct loan is considered to be in default if the borrower fails to make payments when due or otherwise fails to adhere to the loan's terms for 270 days. On default, the loan balance becomes due in full and the borrower loses eligibility for many borrower benefits (e.g., deferment, forbearance, forgiveness) and access to other forms of federal student aid.

Loan Entrance Counseling The Federal Government requires first-time student borrowers to complete loan entrance counseling to ensure that the student borrower understands the responsibilities and obligations they are assuming. In order to provide the required comprehensive information on the terms and conditions of the loan and the borrower's responsibilities, first-time student loan borrowers at KC Beauty Academy are required to complete online entrance counseling.

Loan Exit Counseling KC Beauty Academy is required to provide counseling to federal student loan borrowers to receive information on monthly repayment amounts, repayment plan options, options to prepay or pay on a shorter schedule, debt management strategies, use of the Master Promissory Note, the seriousness and importance of student's repayment obligation, terms and conditions for forgiveness or cancellation, terms and conditions for deferment or forbearance, consequences of default, options and consequences of loan consolidation, and tax benefits available to borrowers, as well as other necessary information.

Interest Rate Interest is charged on direct loan program loans. For more information regarding interest rates, visit <https://studentaid.gov/understand-aid/types/loans/interest-rates>

Notice To The Student Of Loan Repayment Obligation

- (A) If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the moneys not paid from federal financial aid funds.
- (B) If the student is eligible for a loan guaranteed or reinsured by the state or federal government and the student defaults on the loan:

- (i) The federal or state government or the loan guarantee agency can take action against the student, including applying any income tax refund to which the person is entitled to reduce the balance owed on the loan.
- (ii) The student may not be eligible for any other federal financial assistance for education at a different school or for government housing assistance until the loan is repaid.

Verification

Verification is a requirement of the U.S. Department of Education and is the process of confirming information on the FAFSA. The U.S. Department of Education may select your FAFSA for verification, and the school will request additional documentation to verify information you provided on your FAFSA. Typically, documents can include:

- Verification worksheet
- Federal tax return or IRS Tax Return Transcript
- Copies of W-2

Verification Deadline and Failure to Submit: The financial aid office will not award or disburse federal financial aid until the verification process is complete. Failure to complete the verification process by the deadline may result in a student not being eligible for financial aid.

Credit Balance

If your financial aid award exceeds your direct costs at the school, you will receive a credit balance refund. In most cases, credit balances are released to the student within 14 calendar days unless the student request finds to be held until the end of the academic year. Student must sign an authorization to hold a Title IV Credit Balance form.

Cancellation and Refund Policy

NOTICE: Should the student complete the program earlier than the estimated timeframes stated in the contract, the student's financial aid package may be recalculated, which may result in liabilities owed by the student and/or institution if applicable.

MANDATED BY THE STATE OF CALIFORNIA

This refund policy applies to all terminations for any reason, by either party, including student decision, course or program, cancellation, or school closure.

Student's Right To Cancel

The student has the right to cancel the enrollment agreement and obtain a refund of charges paid through attendance at the first class session (first day of classes), or the seventh calendar day after enrollment (seven calendar days from the date when the enrollment agreement was signed), whichever is later. However, the registration fee of \$100.00 is non-refundable. The notice of cancellation shall be in writing and submitted directly to the School Director. A withdrawal may be initiated by the student's written notice or by the institution due to the student's academics or conduct, including but not necessarily limited to the student's lack of attendance.

Refund Policy

After the cancellation period, the institution provides a prorated refund to students who have completed 60% or less of the program's scheduled hours, less the cost of the registration fee of \$100.00, equipment received, or any other non-refundable fees such as late charges or transaction fees. Students who have completed more than 60% of their program's scheduled hours are not eligible for a refund. If the student

has received federal student financial aid funds, the student may be entitled to a refund of monies not paid from federal student financial aid program funds.

A registration fee of \$100.00 is a non-refundable item. Late fees and transaction fees, if incurred by the student during their program, are also considered non-refundable items. Supplies and textbooks once received by the student are considered non-refundable and will represent a liability to the student.

If the student cancels the agreement within the cancellation period, the school will refund any money paid, less the \$100.00 registration fee, equipment received, and any other non-refundable fees. If the student withdraws from the school after the cancellation period, the refund policy above will apply. If the amount that the student has paid is more than the amount owed for the time attended, then a refund will be made within 45 days of the official withdrawal date. If the amount that the student owes is more than the amount already paid, an arrangement with the institution will be made to pay the remaining balance. Note: Proof of Training document, will not be released until all monies owed to the school are paid.

Determination Of Withdrawal From School

The withdrawal date should be the last date of recorded attendance. The student would be determined to have withdrawn from school on the earliest of:

The date you notify the School Director of your intent to withdraw. Only the School Director would be authorized to accept a notification of your intent to withdraw.
The date the school terminates your enrollment due to academic failure or for violation of its rules and policies stated in the catalog.
The date you fail to attend classes for a two-week (14 consecutive calendar days) and fail to inform the school that you are not withdrawing.
The date you failed to return as scheduled from an approved leave of absence. The withdrawal date shall be the last date of recorded attendance. The date of the determination of withdrawal will be the scheduled date of return from LOA.

Course Cancellation

If a course is canceled subsequent to a student's enrollment and before instruction in the course has begun, the school shall at its option: 1) Provide a full refund of all money paid; or 2) Provide for completion of the course at schools in the neighborhood.

School Closure

If the school closes subsequent to a student's enrollment and before instruction in the course has begun, the school shall at its option: 1) provide a full refund of all money paid; or 2) provide for completion of the course at schools in the neighborhood.

Federal Refund Requirements Vs State Refund Requirements

In addition to the Return of Title IV requirements for federal financial aid recipients, the institution is required by the state to calculate a prorated refund for all students who have completed less than 60 percent of their period of attendance, regardless of whether or not the student received Title IV funds. However, the federal formula for Return of Title IV funds may result in a larger refund than the state refund policy. In that case, the Academy and/or the student must return the sum resulting in the larger of the two calculations to the appropriate Title IV program. Therefore, the student may, after Title IV funds are returned, owe a balance to the institution.

Return of Title IV (R2T4)

Special to students receiving Unsubsidized/Subsidized/PLUS/Pell/SEOG, Teach Grants, Iraq and Afghanistan Service Grants or other aid, if you withdraw from school prior to the completion of the equivalent to 60 percent of the workload in any given payment period, a calculation using the percentage completed will be applied to the funds received or that could have been received that will determine the amount of aid the student earned. Unearned funds would be returned to the program in the order stated below by the school and/ or the student. Student liability to loan funds will continue to be paid in accordance to the original promissory note terms. Funds owed by the student to the Grant programs are limited to 50% of the gross award per program received.

Sample Calculation, completion of 25% of the payment period or enrollment period earns only 25% of the aid disbursed or that could have been disbursed. If applicable, this would be the first calculation to determine the amount of aid that the student would be eligible for from the Title IV Financial Aid programs. A second calculation would take place to determine the amount earned by the institution during the period of enrollment. If the student is eligible for a loan guaranteed by the federal or state government and the student, defaults on the loan, both of the following may occur: (1) The federal or state government or a loan guarantee agency may take action against the student, including garnishing any income tax refund to which the person is entitled, to reduce the balance owed on the loan. (2) The student may not be eligible for any other federal student financial aid at another institution or other government assistance until the loan is repaid.

If any refunds are due based on the Return of Title IV calculations or based on the institutional refund policy calculations, any refunds will be made as soon as possible but no later than 45 days from the determination of the withdrawal date in the order stated in section CFR 34 section 668.22. The order of payment of refund is, 1) Unsubsidized Direct Loans (other than Direct Plus Loan), 2) Subsidized Direct Loans, 3) Federal Pell Grant, 4) FSEOG, 5) Teach Grants, 6) Iraq and Afghanistan Services Grants, 7) Other. This order would apply in accordance with the aid programs available at the institution.

Satisfactory Academic Progress (SAP) Policy

Satisfactory Academic Progress (SAP) is the qualitative and quantitative measures used by an institution to determine the extent to which students are making adequate progress toward completion of a course of study within a specified time. KC Beauty Academy's SAP Policy applies to all enrolled students and is utilized to assess the students' progress throughout their program and measure progress in the students' attendance and academics. The policy is consistently applied to all students. Students receive notice of the institution's SAP Policy and the institution's minimum requirements prior to enrollment.

To meet Satisfactory Academic Progress, students must:

1. Maintain a cumulative rate of attendance of 70% or above.
2. Maintain a cumulative qualitative academic performance average (GPA) of 75% or above on all exams, practical assessments, and other required coursework.
3. Complete the course within a maximum time frame of 143% of the published length of the educational program measured in clock hours. The maximum time frame for KC Beauty Academy's programs has been listed below. Students who exceed 143% of course length are considered to NOT be making satisfactory academic progress and will be terminated.

KC Beauty Academy's evaluation periods are based on the student's actual hours. Students meeting the minimum requirement for attendance and academic progress at any evaluation point will be considered to be making satisfactory progress until the next evaluation. Students returning from a leave of absence will have their contract period and maximum time frame extended by the same number of days taken in the

leave of absence. All evaluations must be completed within seven (7) school business days following the established evaluation points. SAP Evaluations are maintained in the student file. At each evaluation period, students will be electronically informed whether they are meeting satisfactory academic progress through the student portal. Students can request to receive a hard copy of their SAP evaluation. Those students who fail to meet satisfactory progress will be notified and meet with the School Director to discuss an academic and/or attendance plan.

Evaluation Periods

KC Beauty Academy evaluates its students' attendance and academic progress at predetermined times throughout the students' programs according to their actual hours. The following table represents the evaluation periods for the school's programs according to actual clock hours. All evaluations must be completed within seven (7) School Business Days following the established evaluation points.

Academic Year

Academic year is the amount of academic work students enrolled in a course of program must complete each year and the time period in which they are expected to complete it. KC Beauty Academy's academic year for all programs is 900 hours and 26 weeks to determine Title IV eligibility. The first evaluation must occur no later than the mid-point of the academic year or the program, whichever occurs sooner.

Maximum Time Frame

Students must complete the educational program within the maximum time frame, which is based on attending at least 70% of the scheduled hours. The maximum time allowed for students with previous hours, who need less than the full course requirements, will be determined based on a 70% attendance rate of the scheduled contracted hours. Students must complete the course within 143% of the course length as defined in the enrollment agreement. Students who exceed 143% of the course length are considered NOT making satisfactory academic progress and will be terminated.

Determination Of Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. A student will receive their Satisfactory Academic Progress Determination at the time of each of the evaluations through the student portal. Students who do not achieve the minimum standards are no longer eligible for Title IV program funds, if applicable, unless the student is on warning or has prevailed upon appeal, resulting in a status of academic probation. The institution is required to notify students of any evaluation that impacts the student's eligibility for financial aid, if applicable.

Warning Period

Students who fail to meet minimum requirements for attendance or academic progress are placed on a warning status. The student will still be able to receive Title IV funds on warning status. The student will be advised in writing on the actions required to obtain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress, the student will be determined as NOT making satisfactory academic progress and will be deemed ineligible to receive Title IV funds.

Probation

Students who fail to meet minimum requirements for attendance or academic progress after the warning period will be considered not making satisfactory academic progress and are not eligible to receive Title IV funds. In order for the student to be placed on academic probation and continue to receive federal financial aid, the student **MUST APEAL** the satisfactory academic progress decision within the next 10 days and prevail upon appeal. Additionally, only students who have the ability to meet the satisfactory progress policy standards by the end of the evaluation period may be placed on probation. The student will be advised in writing of the actions required to attain satisfactory academic progress by the next evaluation. If, at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress or by the academic plan, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will be deemed ineligible to receive Title IV funds. Students will be required to bring their academic and/or attendance rates to satisfactory levels in order to have financial aid reinstated.

Appeal Procedure

If a student is determined to not be making satisfactory academic progress, the student may appeal the determination within ten (10) calendar days. Reasons for which students may appeal a negative progress determination include the death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstances. The student must submit a written appeal to the school on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation for the reasons why the determination should be reversed. The documentation should also include what has changed about the student's situation that will allow them to achieve satisfactory academic progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the student will be placed on academic probation and federal financial aid will be reinstated, if applicable.

Re-Establishment Of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the evaluation period.

Transfer Hours (SAP)

With regard to satisfactory academic progress, a student's transfer hours will be counted as both attempted and earned hours for the purpose of determining when the allowable maximum time frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution. For transfer students, the SAP will take place at the midpoint of their program or at the institution's established evaluation periods.

Non-Credit, Remedial Courses, Repetitions

Non-credit, remedial courses, and repetitions do not apply to this institution. Therefore, these items have no effect on the academy's satisfactory academic progress standards.

Interruptions, Course Incompletes, Withdrawals

If enrollment is temporarily interrupted due to a leave of absence, the student will return to school in the same progress status as prior to the leave. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of calendar days taken in the leave of absence and will not be included in the student's attendance percentage calculations. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal. A leave of absence and/or failure to return from a leave of absence may affect your loan interest rates and/or repayment timeline. Please see your Financial Aid representative for more information.

Disclosure Of Education Records – FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.

These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the Institution receives a request for access. A student should submit to the Financial Aid Office, a written request that identifies the records(s) the student wishes to inspect. A Financial Aid Official will make arrangements for access and notify the student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. A student who wishes to ask the Institution to amend a record should write the Institution official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the Institution decides not to amend the record requested the Institution will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to provide written consent before the Institution discloses personally identifiable information from the student's education records, except with the extent that FERPA authorizes disclosure without consent. The Institution discloses education records without a student's prior written consent under the FERPA exceptions for disclosure to Institution officials with legitimate educational interests. An Institution official is a person employed by the Institution in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the Institution has contracted as its agent to provide a service instead of using Institution employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees, such as a disciplinary or grievance committee or assisting another Institution official in

performing his or her tasks. An institutional official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the institution. Upon request, the institution also discloses education records without consent to officials of another institution in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Institution to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student records are confidential and only such agencies or individuals authorized by law are allowed access without written permission of the student. State law requires the school to maintain these records for a six (6) year period. Students may request a review of their records by writing to the School Director. All such reviews will be scheduled during regular school hours under appropriate supervision. The institution retains student transcripts permanently. KC Beauty Academy will provide one transcript and Proof of Training to each graduate at no charge. A fee of \$10.00 will be charged for each additional transcript, reprint of Diploma, or copy of Proof of Training document. The student's financial accounts must be current prior to the institution furnishing any certificates or Proof of Training documents.

*Those students who do not have an SSN or ITIN will not receive a Proof of Training document, as they are not eligible for state licensure.

Further, our employees may not entertain students or socialize with students outside the school environment.
